

FRANCESCO A. ALBANESE JR

fabanese96@gmail.com | 781-439-8416 | Amesbury, MA | [LinkedIn](#) | [GitHub](#)

Aspiring software developer with experience in customer service, management, and software quality assurance. Currently enrolled in the University of New Hampshire's Coding Bootcamp which I anticipate completing by September 2022.

PROJECTS

[Sitestash](#) | UNH's Coding Bootcamp

Developer

- Develop an interactive, full-stack application utilizing knowledge of front and backend development concepts
- Users can log in to an account and securely and privately store bookmarks in a list format that can be saved for later, not tied to any external site
- This website follows the MVC paradigm in its architectural structure, using Handlebars.js as the templating engine, Sequelize as the ORM, and the passport npm package for login authentication.

[Movie Refresh](#) | UNH's Coding Bootcamp

Developer

- Create a fully-functional web application using knowledge of core software development concepts.
- Working in an agile team, develop a web application from scratch. Relevant technologies used were HTML5, CSS3, Bulma, JavaScript ES6, and several APIs.

[Note Taker App](#) | UNH's Coding Bootcamp

Developer

- Build the back end of an application, connect it to the front end, and then deploy it to Heroku.
- This application allows a user to write and save virtual notes. The technologies used were HTML5, CSS3, JavaScript ES6, NPM, Node.js, Express.js, Heroku, and several npm modules.
